

80 percent of the American people feel that way too.

High-paid lobbyists argue that the assault weapons ban will infringe on our right, as hunters and sportsmen, to own guns. But what they don't tell you is that the proposal I support specifically safeguards hunters' rights. It explicitly protects more than 650 hunting and recreational rifles from the ban.

So that's why I'm writing you for your help. Call your representatives, and tell them that you know the difference between a hunting rifle and a weapon that was designed for the battlefield. Tell them you support the proposed ban on assault weapons—because it protects your rights and it doesn't protect criminals.

Thank you.

Sincerely,

**Bill Clinton**
